One Night Stand

She Be The One

If The World Crashes Down

Escapar

Heroe

## **Escape**

(You can run, you can hide  
But you can't escape my love)

Here's how it goes, you and me, up and down but maybe this time  
We'll get it right, worth a fight  
Cause love is something you can shape  
When it breaks  
All it takes is some trying

If you feel like leaving  
I'm not gonna beg you to stay  
Cause soon you'll be finding

You can run, you can hide  
But you can't escape my love  
You can run, you can hide  
But you can't escape my love

So if you go  
You should know  
It's hard to just forget the past so fast  
It was good, it was bad but it was real  
And that's all you get in the end of the matter

Here's how it goes  
All it takes is some trying  
You can run, you can hide  
But you can't escape my love

enrique/escape/

### **Don't Turn Off The Lights**

I don't have to tell you  
What this is all about  
'Cause baby half the fun, is  
In us figuring it all out

So why you gotta ask me  
What I'm doing now  
'Cause I don't like to question  
What I still haven't found

So don't turn off the lights  
I don't wanna be  
In the dark tonight  
'Cause I can't read your mind  
I need to know if  
What I'm doing is right  
So don't turn off the lights  
So don't turn off the lights

So tell me how  
Were gonna get you  
It's so hard to even try  
But if we move together  
We'll end up on the same side

So don't turn off the lights  
I don't wanna be in the dark tonight  
'Cause I can't read your mind  
I need to know if what I'm doing is right  
So don't turn off the lights  
So don't turn off the lights

If you could know  
What I'm feeling  
Would you run  
And where would you go  
If you want to know what I'm thinking  
Then just turn on the lights  
And you'll know

So don't turn off the lights  
I don't wanna be in the dark tonight  
Cause I can't read your mind  
I need to know if  
What I'm doing is right  
So don't turn off the lights

So don't turn off the lights  
I don't wanna be in the dark tonight  
Cause I can't read your mind  
I need to know if  
What I'm doing is right  
So don't turn off the lights  
So don't turn off the lights  
So don't turn off the lights  
So don't turn off the lights

### **Love to See You Cry**

Maybe I just wanna touch you for your warm inside again  
Maybe I just wanna let you the sweetest pleasure is me  
I don't know why why but I love to see you cry  
I don't know why why it just makes me feel like

Are you coming to the moment  
When you know your heart can break  
I'm inside you

I'm around you  
Just wanna hear you cry again  
I don't know why why but I love to see you cry  
I don't know why why it just makes me feel like  
I don't know why why but I love to see you cry  
I don't know why why but it just makes me feel like

You don't know how much it hurts when you fall asleep in my arms  
before the morning comes  
I wanna run away, I wanna run away  
I don't know why  
I don't know why  
I don't know why  
I don't know why why but I love to see you cry  
I don't know why why it just makes me feel like  
I don't know why why but I love to see you cry  
I don't know why why but it just makes me feel like

## **Hero**

let me be your hero  
Would you dance  
if I asked you to dance?  
Would you run  
and never look back?  
Would you cry  
if you saw me crying?  
And would you save my soul, tonight?

Would you tremble  
if I touched your lips?  
Would you laugh?  
Oh please tell me this.  
Now would you die  
for the one you loved?  
Hold me in your arms, tonight.

I can be your hero, baby.  
I can kiss away the pain.  
I will stand by you forever.  
You can take my breath away.

Would you swear  
that you'll always be mine?  
Or would you lie?  
would you run and hide?  
Am I in too deep?  
Have I lost my mind?  
I don't care...  
You're here tonight.

I can be your hero, baby.  
I can kiss away the pain.  
I will stand by you forever.  
You can take my breath away.

Oh, I just want to hold you.  
I just want to hold you.  
Am I in too deep?  
Have I lost my mind?  
I don't care...  
You're here tonight.

I can be your hero, baby.  
I can kiss away the pain.  
I will stand by your forever.  
You can take my breath away.

I can be your hero.  
I can kiss away the pain.  
And I will stand by you forever.  
You can take my breath away.  
You can take my breath away.

I can be your hero

## **I Will Survive**

You like to think that you'll be the only one who understands me with it  
And you tell everyone that I can't live without you even for one day  
But who gave you the right to talk about the way I feel so deep inside  
Now I realize you were never mine, you were never right  
Baby you will find  
I will survive

I'm gonna make it through  
Just give me time  
I will get over you  
I will survive  
No matter what you do  
Just need to see I will get over you  
Cause baby we'll survive  
Cause baby we'll survive

What makes you think that I don't see the way you made a fool of me  
To laugh behind my back ??  
Now I realize you were never mine, we were never right  
Baby you will find  
I will survive  
I'm gonna make it through  
Just give me time  
I will get over you  
I will survive  
No matter what you do  
Just need to see I will get over you  
Cause baby we'll survive

I will survive  
I'm gonna make it through  
I will survive  
I will get over you  
Cause baby we'll survive

## **Love 4 Fun**

So you think  
You got it all worked out  
And what you're searching for  
Isn't what you found  
Up in this world  
That's on the run  
A lot of hits but only  
A few number ones  
I'm making love for fun  
Are you looking for a holiday?  
I'm making love for fun

Why would you do it  
Any other way?

I'm making good  
On everything I said  
So baby just relax  
And let me do my thing  
Up in my world  
You better run  
There's only room  
For the few who can come  
When you don't have  
A place to go  
When everything  
Feels the same  
I can change what  
You think you know  
Making love my way

enrique/escape/

## Maybe

If I had one single wish,  
I'd go back to the moment I kissed,  
you goodbye. No matter how hard I tried,  
I can't live without you in my life.

Maybe you'll say you still want me.  
Maybe you'll say that you don't.  
Maybe we said it was over.  
Baby I can't let you go.

I walk around trying to understand,  
where we went wrong and I can't pretend,  
it wasn't me, it wasn't you.  
But I'm convinced we gave up too soon.

Maybe you'll say you still want me.  
Maybe you'll say that you don't.  
Maybe we said it was over.  
Baby I can't let you go.

Nothing left to lose after losing you.  
There's nothing I can take.  
When I run to you, when I come for you,  
don't tell me I'm too late.

Maybe you'll say you still want me.  
Maybe you'll say that you don't.  
Maybe we said it was over.  
Baby I can't let you go.

Can't let you go...  
Can't let you go...  
Can't let you go...

## enrique/escape/ **One Night Stand**

Let me tell you.....

Jenny's getting her stuff in my room  
Puts on her skirt and she's looking good  
Six AM and she's leaving soon  
Says what a crazy night I had  
A real good time

But her kiss tells me it's goodbye  
Just like nothing happened last night  
But if I had one chance  
I'd do it all over again

One night stand I don't think she's coming back for more  
She was only looking for a one night stand  
I don't think she's coming back for more  
No no

Now I'm left up in my lonely room  
She left her underwear and her perfume  
I never thought that it could be this good  
And I still feel a little on my fingertips  
I'm trying hard not to feel rejected  
Maybe the phone line's disconnected  
But if I had one chance

I'd do it all over again  
I know it

One night stand I don't think she's coming back for more  
She was only looking for a one night stand I don't think she's coming back for more  
She was only looking  
One night stand but I'd do it all again for sure  
Oh yeah

Baby like a blind man I rushed in  
Now do I have the right to ask you,  
Will you be coming back again?  
One night stand I don't think she's coming back  
One night stand I don't think she's coming back  
One night stand I don't think she's coming back

One night stand I don't think she's coming back for more  
She was only looking  
One night stand I don't think she's coming back for more  
She was only looking for a one night stand I don't think she's coming back for more  
She was only looking for a one night stand I don't think she's coming back for more  
She was only looking  
One night stand but I'd do it all again for sure

I guess it was a one night stand  
One night stand  
I guess it was a one night stand  
One night stand  
I guess it was a one night stand  
One night stand  
I guess it was a one night stand  
One night stand  
I know it, yeah

## **She Be The One**

She wakes you up early in the morning  
She tells you baby I feel a little horny  
She brings you up and then you know you want it  
I like the way you give it girl  
Your mouth is dry  
Your heart is beating faster

You wanna die but you're afraid to ask her  
She pops a gun  
Your prayer's already answered  
Tick tock man  
Thank you man

Don't fool yourself  
You can't stop it if you try  
And it's a bumpy ride

She be the one  
She be the drug  
She's gonna take you high, take your love  
And never get enough  
She be the one  
She be the bomb  
Watch out here she comes  
You know you're gonna get some

She hits a club  
And everybody watches  
And when she dances  
Everybody wants it  
The kind of girl you've kinda gotta watch  
She might just get away

She makes you wait  
She likes to play that kind of game  
She takes your money  
And tries to give it all away  
She makes you nasty  
And makes you wanna feel pain  
Then she'll make you want it again

Don't fool yourself  
You can't stop it if you try  
And it's a bumpy ride

She be the one  
She be the drug  
She's gonna take you high, take your love  
And never get enough  
She be the one  
She be the bomb  
Watch out here she comes  
You know you're gonna get some

enrique/escape/

You know you're gonna get some  
You know you're gonna get some  
You know you're gonna get some  
You're really gonna get some

You know you're gonna get some  
You're really gonna get some  
You know you're gonna get some

She be the one  
She be the one

She be the one  
She be the drug  
She's gonna take you high, take your love  
And never get enough  
She be the one  
She be the bomb  
Watch out here she comes

She be the one  
She be the drug  
She's gonna take you high, take your love  
And never get enough  
She be the one  
She be the bomb  
Watch out here she comes  
You know you're gonna get some

## **If The World Crashes Down**

You make me weak, you make me strong  
You give me hope, you hold me close  
You make me weak, you make me strong  
You give me hope, you hold me close

You make me strong, you make me weak  
You lift me off my feet  
You give me hope, when all my dreams  
Seem like they're out of reach  
You make me understand the way the perfect love, should be  
You take me to a place, so high I never wanna leave

Sometimes I think, all of the things I should have said  
I hope it's not too late, I wanna make you understand

If the world crashes down over me  
I know that my life is complete  
'Cause I've held you in my arms all night  
'Cause I can't imagine life without you by my side

You whisper in my ear the words, just hold me close tonight  
And when the pain is holding me, your touch just sets me free

Sometimes I think, all of the things I should have said  
I hope it's not too late, I wanna make you understand

If the world crashes down over me  
I know that my life is complete  
'Cause I've held you in my arms all night  
'Cause I can't imagine life without you by my side

You make me weak, you make me strong  
You give me hope, you hold me close  
You make me weak, you make me strong  
You give me hope, you hold me close  
You make me weak, you make me strong  
You give me hope, you take me back

If the world crashes down over me  
I know that my life is complete  
'Cause I've held you in my arms all night  
'Cause I can't imagine life without you by my side

## **Escapar**

Ves tu y yo  
Siempre así  
Sube y baja pero un día al fin  
Sin querer  
Nos va bien  
Cuando uno dice se acabo  
El amor  
dice no  
Y se queda

Si decides dejarme  
No te voy a suplicar  
Alla tu si mas tarde  
Aunque corras, te escondas  
No puedes escapar  
Y si te vas  
Ya versa  
Que no es tan facil olvidar  
Sale bien  
Sale mal  
Como sea pero es tan real  
Que al final

Lo demas  
no importa

Si decides dejarme  
No te voy a suplicar  
Alla tu si mas tarde  
Aunque corras, te escondas  
No puedes escapar  
No Apagues La Luz:  
Dime tu si entiendes  
Lo que va a pasar  
Quizas mientras te mueves  
Poco a poco lo descubriras  
Olvida las preguntas  
Que hay mucho que inventar  
Hablando pierdes tiempo  
Y acercate a algo mas

[Chorus]

No apagues la luz  
Me hace falta verte  
Cada vez mas  
No puedo adivinar  
Que cara me pones si te empiezo a tocar  
No apagues la luz  
No apagues la luz

Si quieres dame alguna idea  
Dime que te gusta mas  
Y deja que me mueva  
Arriba, abajo y mas alla

enrique/escape/

## Heroe

Quiero ser tu heroe

Si una vez yo pudiera llegar  
a erizar de frio tu piel  
a quemar que se yo, tu boca  
y morirme alli despues  
Y si entonces  
temblaras por mi  
lloraras al verme sufrir  
ay sin dudar tu vida entera dar  
como yo la doy por ti.

Si pudiera ser tu heroe  
Si pudiera ser tu Dios  
que salvarte a ti mil veces  
puede ser mi salvacion.

Si supieras  
la locura que llevo  
que me hiere  
y me mata por dentro  
y que mas da  
mira que al final  
lo que importa es que te quiero

Si pudiera ser tu heroe  
Si pudiera ser tu Dios  
que salvarte a ti mil veces  
puede ser mi salvacion

Ahaa.....

dejame tocarte, quiero acariciarte  
una vez mas, mira que al final  
lo que importa es que te quiero

Si pudiera ser tu heroe  
Si pudiera ser tu Dios  
que salvarte a ti mil veces  
puede ser mi salvacion

enrique/escape/

Quiero ser tu heroe  
si pudiera ser tu Dios  
porque salvarte a ti mil veces  
puede ser mi salvacion  
puede ser mi salvacion

Quiero ser tu heroe....

/enrique/escape/
